Catholic Education Diocese of Parramatta
1:1 Student iPad Program

About the program

As the Catholic Education Diocese of Parramatta preferred Apple supplier, MAC1 has developed program offerings to cater to a wide range of needs in the school community. With extensive 1:1 program experience across the many schools, we have learnt that a parent funded program requires more than simply purchasing technology.

The MAC1 iPad program is a holistic approach to technology-based learning, offering complete product solutions, insurance protection, on-going support and finance options to ensure your child has access to this uniquely engaging device both in and out of the classroom.
